Desde el IES Las Salinas tenemos la intención de renovar nuestro compromiso adquirido en la anterior convocatoria de solicitud de Carta ECHE con el objeto de participar, con nuestros Ciclos Formativos de Grado Superior, en el programa Erasmus+. Ante tal oportunidad, nos planteamos los siguientes objetivos:

1. La Internacionalización de nuestro alumnado de Formación Profesional de Grado Superior.
2. La mejora de la competencia lingüística de alumnado y profesorado de FP.
3. El intercambio de buenas prácticas con otros centros educativos del mismo nivel.
4. La movilidad de alumnado a centros de trabajo de otros países europeos en los que puedan realizar su Formación en Centros de Trabajo.
5. La movilidad del profesorado a dichos centros de trabajo para la supervisión de la buena marcha de la FCT o a otros centros educativos para hacer de "sombra" de un/a docente de la misma familia profesional.

Las actividades resultantes de los objetivos planteados son:

1. Creación de una base de datos de empresas y centros educativos de otros países europeos con oferta educativa similar a la de nuestros grados superiores.
2. Contacto con empresas y centros educativos citados en el punto anterior.
3. Promoción del estudio de lenguas extranjeras entre nuestro alumnado.
4. Realización y presentación de, al menos, un proyecto de movilidad.

El público beneficiario de esta carta será el profesorado y el alumnado de Ciclos Formativos de Grado Superior de nuestro Centro Educativo que, abarca los siguientes niveles: Animación Sociodeportiva (100 alumnos/as y 12 profesores/as), Marketing y Publicidad (100 alumnos/as y 10 profesores/as) y Construcciones Metálicas (30 alumnos/as y 5 profesores/as). Los resultados esperados son, principalmente, la participación en movilizaciones por parte del profesorado y del alumnado de los citados niveles. Se evidenciará la concesión de la ECHE a través de las Redes Sociales y se producirá información asimismo en soporte papel.

IES Las Salinas has the intention of renewing its commitment acquired in the previous ECHE call in order to participate with our students from Higher Vocational Education in Erasmus+. Taking advantage of that opportunity, we pursue the following objectives:

1. The internationalisation of our Higher Vocational Education students and teachers.
2. Their language skills improvement.
3. The exchange of good practises with other schools with a similar offer.
4. The mobility of students to working places to do their practical training.
5. The mobility of teachers to those working places in order to supervise the quality of training, or to other schools to do a job shadowing period with a teacher of the same professional family.

The activities planned in order to achieve those objectives are:

1. The creation of a database of enterprises and schools from other European countries with a similar educational offer to ours (Higher Vocational Education).
2. Establishing contacts with those enterprises and schools.
3. Promoting the study of foreing languages among our students.
4. Writing and presenting, at least, a mobility project.

People who will benefit from this ECHE will be the teachers and students of Higher Vocational Education level, which in our school include the following courses: Socio-Sports Training and Animation (100 students and 12 teachers), Marketing and Publicity (100 students and 10 teachers) and Metal Constructions (30 students and 5 teachers). The expected result is basically the mobility of teachers and students from the aforementioned levels. The concession

of ECHE will be evidenced by Social Media and documents on paper.

Please reflect on the Erasmus actions you would like to take part in and explain how they will be implemented in practice at your institution. Please explain how your institution's participation in these actions will contribute to achieving the objectives of your institutional strategy.

Una vez concedida ECHE, en IES Las Salinas nos proponemos solicitar la participación en dos tipos de proyectos: KA1, de movilidad de profesorado y alumnado; y KA2, de cooperación e intercambio de buenas prácticas con otros centros educativos y empresas. Esto supone un cambio total en la política de nuestro centro educativo, hasta ahora con un enfoque local y provincial muy ajeno a la realidad europea.

Once we are awarded ECHE, IES Las Salinas will apply for the participation in two types of projects: KA1, for mobility of teachers and students; and KA2, for cooperation and exchange of good practices with other schools and companies. This means a total change in our school policy, so far local and province oriented, far from Europe's reality.

What is the envisaged impact of your participation in the Erasmus+ Programme on your institution?

Please reflect on targets, as well as qualitative and quantitative indicators in monitoring this impact (such as mobility targets for student/staff mobility, quality of the implementation, support for participants on mobility, increased involvement in cooperation projects (under the KA2 action), sustainability/long-term impact of projects etc.) You are encouraged to offer an indicative timeline for achieving the targets related to the Erasmus+ actions.

Considerando la falta de experiencia de nuestra Institución y la necesidad de concienciar a todo el público objetivo de los proyectos, vemos conveniente ser prudentes en las acciones y que estas vayan aumentando de forma sistemática y gradual, a la vez que calan en la comunidad educativa.

Las metas planteadas en relación a la participación en Erasmus+ para nuestro Centro Educativo son:

- Como mínimo la movilidad de un/a alumno/a y un/a docente durante la concesión de la Carta.
- Al menos una cooperación con otra/s institución/es en el periodo de concesión de la Carta.

Taking into consideration our lack of experience and the need of raising awareness among our target public, we agree in being cautious in the actions and to increase them systematically and gradually, so that they permeate the educational community.

The targets in relation with the participation in Erasmus+ for our Educational Institution are:

- One mobility per student and one per teacher, as a minimum during the ECHE validity.
- At least one cooperation with other institutions or companies during the ECHE validity.
